# About The Event

The Trimborn Farm Harvest of Arts and Crafts is the Milwaukee County Historical Society's main fundraiser for Trimborn Farm, Milwaukee County's only historic park. We are committed to preserving its historic accuracy and providing the park to the public as an educational resource. Your support, whether in the form of time or funding, will ensure that hundreds of children and community members every year have the opportunity to visit the site and gain a deeper appreciation and understanding of rural life in 19th century Wisconsin.

By partnering with us, your organization can enjoy numerous benefits, including brand visibility, positive brand image, and valuable networking opportunities with fellow businesses and community members. Our event provides an ideal platform for showcasing your commitment to our community while reaching a diverse audience of local residents, tourists, and history and art enthusiasts. Join us in making a meaningful impact and becoming an integral part of this celebrated event!
